CHIEF JUSTICE LIVINGSTONE
USCCA SECOND CIRCUIT

40 FOLEY SQ,

NY NY 10007

Dear YOUR HONOR

I am in receipt of your iterative order of 18 Jan 2022

. I get it. The docket is shut.

The docket being shut is due to failure to establish whether or not you got the dec 6 documents. I cannot respond to your notice of defective filing if I do not know if the defect is due to a) missing, or b) ~~totally absent forms~~ ^{present}

Since early December I've asked you "did you get me mailing of 6 december 2021?"

Yes, I got form letters noticing me of a defective filing. But even now I cannot decipher from them the answer to my original question

+++++ Did you or did you not receive the papers I sent 6 dec 2021 ? ++++++

Absent this info,

a) Not only can I not cure the defect, since I cannot determine if the defect is a missing form, or an improperly filed out form, but also;

b) I am being denied access to the court by snail. This is my only access due to covid precautions, and a precarious one at that.

(Covid precautions means I have severely limited or no access to office equipment that you take for granted =)

much of the time between now and last december our unit was locked down secondary to an omicron outbreak. All of the time, and going back to March 2020 this yard was on severe covid precautions.

enclosed is a copy of this letter.

I would be so grateful if you would be so kind as to date stamp and return the copy of this letter in the SASE also enclosed

I also send, for the third or fourth time, the COS of the December 6 mailing.

Please let me know unequivocally whether or not you got the December 6 mailing.

Suppose you say "Yes we did". I can proceed along that path, including deciphering your defective filing notice.

Suppose you say "No we did not", I can proceed along another path, involving investigation of mail tampering or theft.

Absent your answer, I am stuck at this cross roads. I am effectively barred from repsonding to your notice of a defective filing.

PS 2: ALSO DENIED ACCESS DUE TO OPPOSITE
